

# SPECIFICATION SHEET

## Product Name: Water for Injection Quality - USP Grade

**Source:** Deionised and Purified to remove organics, inorganics, particulates and microbes.

Sterile Filtered to 0.2 µm at filling Point. Is equal to or greater/less than the following specifications.

## Specification

Meets or exceeds the specifications for USP <1231> 'Water for Injection' and EP <Ph. Eur. 0169> Grade Standards

Parameter	Specification
Appearance	Clear, Colourless, and Odourless
Conductivity µS/cm	≤ 1.1 µS/cm
Total Organic Carbon µg/L	≤ 500 µg/L
Bacterial Count CFU/mL	≤ 10 CFU/mL
Endotoxins EU/mL	≤ 0.25 EU/mL

## Product Presentation

Product Code/Number	Product Description	Size
WFIQW-01A	Sterile - Filtered Ultra Pure Water - USP/EP WFI Quality	500ml
WFIQW-01B	Sterile - Filtered Ultra Pure Water - USP/EP WFI Quality	1 Litre
WFIQW-01C	Filtered Ultra Pure Water - USP/EP WFI Quality	5 Litre
WFIQW-01D	Filtered Ultra Pure Water - USP/EP WFI Quality	25 Litre

## Storage

Store at 15-30°C in a Contamination-free environment.
